

JAY CUTLER

EVALUATION PROJECT MANAGER

EDUCATION

UNIVERSITY OF MICHIGAN, BA, COMMUNITY AND GLOBAL PUBLIC HEALTH

PROFESSIONAL POSITIONS

2021 – PRESENT

EVALUATION PROJECT MANAGER, MICHIGAN FITNESS FOUNDATION

Supports the design and implementation of program evaluation for SNAP-Ed, GusNIP and GusCRR, and external clients with a focus on policy, systems, and environmental change and community food systems initiatives.

2020 – 2021

SENIOR PUBLIC HEALTH ANALYST, MACOMB COUNTY HEALTH DEPARTMENT

Led community health improvement process activities alongside community partner organizations, including qualitative and quantitative data collection, analysis, visualization, and reporting. Planned and evaluated collaborative community health projects with partner organizations in areas of healthy food access in schools, behavioral health, and physical activity promotion. Led department planning surrounding health equity and community engagement and assisted with grant writing and implementation.

2019 – 2020

PUBLIC HEALTH ANALYST, MACOMB COUNTY HEALTH DEPARTMENT

Coordinated community health improvement process planning and facilitated meetings with partner organizations and agencies. Facilitated community health workgroups in priority areas of access to services, behavioral health, and chronic disease prevention. Assisted with program planning and evaluation, report writing, and data analysis and visualization.

2019

FOOD AND HEALTH FELLOW, EASTERN MARKET CORPORATION

Expanded healthy food access and provided food assistance benefits and nutrition education through the Farm Stand program at community sites and healthcare settings.

2018 – 2019

RESEARCH ASSISTANT, UNIVERSITY OF MICHIGAN SCHOOL OF PUBLIC HEALTH

Managed and assisted with projects for the Resilience + Resistance Collective by coordinating tasks and timelines, conducting literature reviews, executing policy research, and writing and editing journal articles, grant and IRB proposals, and research posters focused on LGBTQ+ health equity and wellbeing. Assisted the Black Women's Wellness Project with clinical trial closing events as well as quantitative and qualitative data entry, transcription, and analysis. Led data collection of epinephrine auto-injector policy, cost, training, and usage data from public schools in Michigan.
